

Private Functions

Re-live all the fun and excitement of your function or event...

The Photographers offer you a complete range of photographic and filming solutions to capture all the excitement of your function or event.

Our photographs are colourfully presented with a commemorative style border that includes the name of your function, the date, and logo if appropriate.

An album CD Rom containing all of the images taken at the event is also available for viewing purposes. This CD can be viewed on any home computer in one of three formats:

- * Flip photo album
- * Full screen slide show
- * Thumbnails

Background music can also be included on the CD.

Our bank-secure eCommerce viewing and purchasing facility provides a convenient way to view and order from the full range of images taken at your function.

For more information about our photography and filming services, please contact us today!
